

AGENDA DISCUSSION ITEM

DATE: 2025-02-24
TO: Board of County Commissioners
FROM: Dan Reyes – County Manager
ITEM TITLE: **DISCUSSION ITEM – Parking at the Extension Office**

Summary:

This item is for the BoCC to consider parking concerns at the Extension Offices

Last year, County staff at the University of Idaho, Teton County, Extension Department, explained that their Handicap parking spot had been removed when the gamble building daycare center was added to the School District campus where the Extension Office is located. They are concerned about potential incidents involving individuals that require accommodations.

Last year, the Facilities Supervisor, Suzanne Astle, sent a letter to the City of Driggs asking for a handicap parking spot. Some considerations surrounding this facility include: The building is not owned by Teton County; it is rented from a private party. The building is off of Highway 33, which is not a County or City of Driggs Road.

This item is to discuss potential ways to ensure that all building users are considered when determining appropriate access to County operations.
