DATE: 2025-02-24

TO: Board of County Commissioners

FROM: Dan Reyes—County Manager

ITEM TITLE: **DISCUSSION ITEM – Continued Discussion RE: Immirgration**

Summary:

This item is a discussion surrounding immigration concerns in Teton County

In the last Board of County Commissioners (BoCC) meeting, 2/10/25, the BoCC discussed concerns surrounding the Hispanic community and immigration. In attendance, the Sheriff explained the relationship between ICE and the County, and explained that he believed that there would not be raids in schools or churches, and that people not committing crime should not be concerned at this time. The BoCC also agreed that Commissioner Whitfield should continue to work with nonprofits and other governmental agencies to learn about this issue, and to come up with some messaging that can be shared with concerned individuals to inform them of their rights.

This is a continuation of that discussion.
