

AGENDA ACTION ITEM

DATE: 2025-02-24
TO: Board of County Commissioners
FROM: Darryl Johnson, Public Works Director
ITEM TITLE: **Action Item – IDL Driggs Gravel Pit Reclamation Plan**

Summary:

Driggs Gravel Pit Reclamation Plan Application

The Idaho Department of Lands (IDL) oversees gravel pits throughout the state. We have dealt with the IDL on past gravel pits that the County sold. In recent years, the IDL has declared that the County is exempt from bonding for pit reclamation. However, every active pit must have a reclamation plan on file. IDL does not have a reclamation plan on file for the Driggs Gravel Pit operation at our Transfer Station facility. Attached is Public Works' proposed reclamation plan. IDL requires a signature from the BoCC.

This reclamation plan is in line with the Transfer Station Operations Plan on file with IDEQ. Closure efforts are incorporated into receiving and handling of C&D material at the Transfer Station

Fiscal Impact:

Being a government entity, Teton County is exempt from any application fees.

Idaho Department of Lands Landfill Closure Plan Application

SUGGESTED MOTION:

Approve the IDL reclamation plan for the Driggs Gravel Pit as presented
