Following issuance of the Certificate of Subdivision Completion, the County shall release the Developer's financial guarantee; provided, however, ten percent (10%) of the original approved engineer's cost estimate for the Required

Improvements shall be provided in one of the three methods presented above in this Section for the entire warranty period described in Section 12 to guarantee the correction of any defects or deficiencies in the Required Improvements.

14. Remedies.

In the event the Developer fails to perform any of the terms, conditions or obligations in this Agreement or has not resolved a defect or deficiency under this Agreement, the County, at its option, may exercise any rights and remedies it may have under law. Furthermore, the County reserves the right, in its absolute discretion, to revoke the Developer's approvals for the Development and after such revocation, Developer will have to reapply for approval for any planned unit development or subdivision under the then current County ordinances. The County shall have the right to draw from the financial security guarantee provided under Section 13 to cover the costs of completing or correcting the Required Improvements. In addition to the costs of the work, the County is entitled to recover reasonable legal fees and reasonable administrative expenses from the Developer.

17. Transfer of Lots or Units.

No lots or units may be offered for sale or sold (warranty deeds transferred) and no building permits for individual lots will be issued prior to a Certificate of Subdivision Completion being issued by the County.
