2. Discussion Item – Grand Targhee Environmental Impact Statement Draft  
GIS Manager Rob Marin was present to discuss how to address the draft GIS.

The Board set a Special Meeting on April 7th at 9 AM to discuss this further.

The Board discussed if anyone from the County should attend the EIS Open House to represent the socioeconomic study.

Commissioner James wished to stay neutral in regards to the EIS. He wants a Commissioner to represent the County.

Commissioner Whitfield believes that the Targhee expansion will have significant socioeconomic impacts on the citizens of Teton County. Development should pay for the impacts it has whether it crosses a state line or not. The Open House is a meeting to learn about the EIS, not give an opinion on it.

Commissioner Wolfe would like to learn more about the EIS.

The item will be added to the April 14th agenda as an action item.

Because there was time before the next agenda item, the Board allowed public in attendance to make comments.

Howie Garber encouraged the whole Board to go to the Open House.

Jeff White offered his expertise on the role County's can play in the process.

Cindy Riegel asked for a public comment open house.

3. 9:45 am Elected Officials and Department Heads

Elected officials and department heads met to discuss items of mutual importance.
