

## AGENDA ACTION ITEM

---

DATE: 2025-04-28

TO: Board of County Commissioners

FROM: Darryl Johnson, Public Works Director

ITEM TITLE: **Action Item – Asphalt System Inc Chip Seal Oil Contract**

### **Summary:**

*Purchase of oil from ASI for base layer of new chip seal roads*

One of the projects identified to be funded with excess R&B funds was to increase this year's chip seal efforts. This year Road & Bridge is proposing 2 miles of new chip seal roads: 6000N; 1900E to Stateline and 5000N; SH33 to N500E. Other counties have recommended the use of ASI's gilsonite-modified rejuvenating surface sealer and larger chips for the first two lifts of a new chip seal road.

The GM-RSS product was applied on Old Jackson Highway last year prior to the advisory striping application. R&B is very happy with the product and would like to apply GM-RSS to the new chip seal roads. As a proprietary product, this product can be sole sourced. No additional bids are required by statute.

### **Fiscal Impact:**

*2025 estimated cost for the 2 lifts on 6000N and 5000N based on 36,165 gallons of oil is \$160,571.96. Cost to be paid from 233-00-43085.*

### **Attachments:**

*ASI Contract*

*Sole Source Pavement Letter*

*GSB-M Specification*

### **SUGGESTED MOTION:**

Approve the Asphalt Systems Inc Contract for purchase, transport and spreading of GM-RSS oil for the 2025 new chip seal roads. Not to exceed amount of \$160,600 to be paid from 233-00-43085.
