ITEM TITLE: **11:00 am MT DISCUSSION ITEM – Public Appearance, WYDOT Re: Pass Closure**

Summary:

Wyoming Department of Transportation representatives will be discussing a potential pass closure in June.

WYDOT will be making a public appearance to discuss the final stage of the Teton Pass repair resulting from the land slides last year, 2023. To finish this project quickly, and in order to reduce the impact on commuter traffic, they are considering closing Teton Pass the weekend of June 20th for three to four days. If WYDOT chooses this option, they will provide regional stakeholders with media to share with the public.
