Dear Teton Valley Board of County Commissioners,

I am writing to express my strong support for the Environmental Policy and Resolution currently under consideration.

As a volunteer leader with Citizens' Climate Lobby Tetons Chapter, I believe that prioritizing sustainability in future decisions is crucial for our community.

This resolution will not only solidify Teton County's leadership in responsible resource management but also foster a healthier environment and economy for current and future generations.

By embracing this initiative, we can create a model of conservation and stewardship that benefits everyone.

Sincerely,

Laurel Eastman
