

AGENDA ACTION ITEM

DATE: 2024-11-12
TO: Board of County Commissioners
FROM: Darryl Johnson, Public Works Director
ITEM TITLE: **Action Item – LILB Darby Bridge LHTAC/Local Agreement**

Summary:

Approve the LILB Darby Bridge LHTAC/Local Agreement

Teton County was awarded funds through the Leading Idaho Local Bridge program for scour mitigation on the Darby Creek bridge on W2000S. This project is administered through LHTAC and was awarded to Keller Associates. Attached is a cost-benefit analysis prepared by Keller recommending scour countermeasures as the preferred solution. Keller has completed the scour mitigation design and we are ready to construct.

Fiscal Impact:

The attached LHTAC/Local commits up to \$100,000 in funding for the recommended scour countermeasures. The County has been working with the original contractor in determining construction costs.

There is no local match requirement for this program. The County will be reimbursed for all expenses associated with the Darby Bridge Scour Mitigation Project.
