

AGENDA ACTION ITEM

DATE: 2024-12-23
TO: Board of County Commissioners
FROM: Darryl Johnson, Public Works Director
ITEM TITLE: **Action Item – Fuel Tank Sale**

Summary:

Permission to sell diesel fuel tank at public auction

This past year Road & Bridge installed a horizontal diesel tank at the Annex property. Teton County no longer has a use for the 12,000 gallon vertical fuel tank located at the Buxton property. Both fuel tanks and pumps will eventually need to be relocated to make room for the TVTAP/Grooming District maintenance shop.

State Statute requires all County property to be sold at public auction. An alternative that meets public auction statute requirements is to list on the Public Surplus web site. Public Works is seeking permission to sell the 12,000 gallon diesel tank through the Public Surplus web site with a \$12,000 reserve.

Successful bidder will be required to cap the service line and remove from site at their expense

Fiscal Impact:

Road & Bridge will set the minimum bid at \$12,000. Minimum \$12,000 revenue for R&B

SUGGESTED MOTION:

Approve the sale of the 12,000 gallon diesel tank at the Buxton Property through the Public Surplus web site with a \$12,000 reserve.
