

## AGENDA ACTION ITEM

---

DATE: March 11, 2024

TO: Board of County Commissioners

FROM: Darryl Johnson, Public Works Director

ITEM TITLE: **ACTION ITEM: Idaho Department of Lands; Request for Release Reclamation Plan S05094**

SUMMARY STATEMENT:

The Idaho Department of Lands is responsible for the regulation of gravel pit operations. Teton County recently received letters for three of our pits in various states of operation. One of those permits permitted for is on Packsaddle Road near N8000W. It appears this gravel pit application was approved by IDL in 1995. Attached is a location map showing Pit S05094.

This location was never mined and has since been sold by Teton County. IDL has requested that the County sign and submit the attached RPM003 Form. This action will retire the reclamation plan on file with the IDL.

See attached correspondence and RPM003 Form.

FISCAL NOTES:

There are no costs associated with submitting Form RPM003.

STAFF RECOMMENDATION: Approve

SUGGESTED MOTION:

**Approve submitting form RPM003 to the Idaho Department of Lands for gravel pit S05094 on Packsaddle Road and officially retiring the reclamation plan of record**

**ATTACHMENT(S):**
