

## AGENDA ACTION ITEM

---

DATE: March 11, 2024

TO: Board of County Commissioners

FROM: Kim Keeley

ITEM TITLE: **ACTION ITEM: Agreement with IHS for Jail Medical Pricing**

When the State took over most costs associated with indigency, they stopped pricing jail medical claims with the Medicaid rate. Indigent Health Solutions offers two contract types to price these claims. A monthly rate (better for larger counties) or a percentage of the savings (designed for smaller counties). This agreement is for the percentage of savings model. The Deputy Civil Attorney has reviewed and made changes in communication with IHS.

**SUGGESTED MOTION:**

Approve the Agreement with IHS for jail medical pricing as presented.
