Subject: Re: Jerry and Gay Peacock Water Shares

Hi Pam,
How is your mom doing?

The Hogg Canal company started in 1898, the canal only gets high water rights. Jerry and Gay Peacock received 18 shares in 1978.

The certificate is in Marilyn Skinner's name and was issued 8/10/2017.

The volume changes depending on what the State of Idaho allocates.

You would be entitled to 18 shares out of approximately 520 shares the canal receives.

Hope this answers your question?

Ida Hansen

Hi Ida,

This is Pam Anderson, I am Jerry and Gay Peacocks daughter. I am in need of information on their water rights, I'm told I need:

Name the rights are under
Date rights started
Number of rights
Volume

I hope you are the right person to provide me with this information. If you aren't would you be able to direct me to who is? Thank you in advance for any assistance you can provide.

Pam Anderson
