SECTION II: REVIEW CRITERIA

The motion given by the P&Z on an application to build within the scenic corridor will be based on the following criteria:

- o Physical development shall be located to maintain open space in relation to the scenic view being regulated. Development should be located at the rear or side edges of an open meadow or pasture, or at the foot of a hill or ridge (provided it is not in danger of slope failure), rather than in the middle of a meadow, pasture, or hillside.
 - o Highly reflective roof materials shall not be used, unless the materials are treated to eliminate reflection.
 - o If birms are used to screen structures located within a meadow or pasture, they shall be setback at least fifty (50) feet from the right-of-way with the side of the berm exposed from designated scenic roads shall rise at no greater than 5% grade. Berms must be planted in native vegetation.
 - o Revegetation of Disturbed Areas. Lands disturbed by earth moving or berms shall be revegetated per Section 5-3 of the LDC.
-
- o All setback standards are met given in Table 8 per Section 5-5 of the LDC.

Application is submitted on the 15 day of March, 2024.

Application is deemed complete and accepted on the _____ day of _____, 20____.
